Our History...

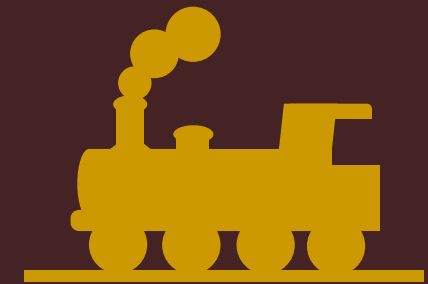

The Brunswick originally opened on 27th June 1842 as the 'Brunswick Railway & Commercial Inn,' and was the first purpose built railwayman's inn. The builders were the North Midland Railway who intended it to serve its employees. It closed in 1974 and became derelict until it was eventually saved and re-opened on the 3rd October 1987.

The pub has gone from strength to strength and with its extensive range of ales, many of which are brewed on site, it has been recognised over the years by some of the greatest literature writers as one of the best places in the World to drink ale!

- *Featured in the latest edition of the Lonely Planet - identifying the best place to drink real ale in the World is Derby. One of the top 10 things to do in your lifetime - go to the Brunswick!*
- *Has been identified as one of the top 10 pubs in the country in the Telegraph, Observer & Guardian over the last 3 years*
 - *In the Good Pub Guide*
 - *In the Good Beer Guide*
 - *In the AA Greatest Pubs Guide*
