Its key strengths are its separate zones; a drinking lounge and bar, open plan dining room and secondary dining room for possible private functions. All areas are serviced by a central bar.

This is a ready to go business with a strong local trade, attracting friends and families who enjoy a relaxing drink and good hearty homecooked meals.

We are looking for someone who is experienced in the pub industry and is passionate about pubs and giving their community a pub to be proud of, someone with a drive and desire to run a true community pub!
