About this opportunity

This traditional country pub is immaculate inside and out and prides itself on being the real heart of its community. With an impressive gin and real ale collection and a warm welcome for muddy boots and four legged friends this is a heart warming pub where all are truly welcome.

It is deceptively big, with a snug bar, main bar and restaurant area that are regularly booked out and used to put on well attended events throughout the year, including beer festivals and the ever popular pumpkin show.

This pub is well known for its quality food offer and inviting atmosphere.
